Dear ***cities***<sup>PLUS</sup> Regional Team Members;

Thank you for your continued interest and participation in ***cities***<sup>PLUS</sup>. The project work continues at a brisk pace. We are now engaged in developing strategies. We would greatly appreciate your input. To this end we are inviting you and others to attend a ***cities***<sup>PLUS</sup> networking breakfast and Design Session on February 4, 2003 at the BCIT Downtown Campus. The Agenda and Registration Form is attached.

The breakfast will include an update on the 100-year planning process, along with group discussions on some 'super strategies' that we are using to integrate goals for different urban systems. Hopefully everybody will be able to attend the breakfast.

For those who are willing to stay after the breakfast, we are planning a very unusual group design exercise that will last from nine to noon. The intention is to illustrate a regional plan with our "super strategies". Expert illustrators will help us capture ideas in graphic form. Many of you may not be able to spare the time for this design exercise; however an interdisciplinary group is essential, and if time permits, we encourage you to make the effort and help us visualize the future. Your input is important to ensure that the Canadian submission is truly representative of Canadian expertise.

Space is limited, please register by emailing Lourette Swanepoel at [lswanepoel@sheltair.com](mailto:lswanepoel@sheltair.com) or fax 604-732-9238. The RSVP deadline is January 27th, 2003. PLEASE INDICATE if you intend on staying for the second half of the event.

Sincerely,

Sebastian Moffatt, on behalf of the ***cities***<sup>PLUS</sup> core team.
